Mobilizing and Monitoring Resources for Statistical Activities

Sasmito Wibowo,

Deputy CS for Distribution and Services Statistics, BPS_Stat Indonesia

SIXTH SESSION OF OIC-STATCOM

November 6, 2016, Konya, Turkey

NSO must produce data, either by itself or work together with line ministries/ agencies or societies; all need monitoring.

3 types of statistics

UU No 16 Tahun 1997 Pasal 5

BASED ON MAIN USERS :

- ❑ **BASIC STATISTICS**
-- collected by NSO
- ❑ **SECTORAL STATISTICS**
-- collected by Line Ministries/
Agencies; supervised by NSO
- ❑ **SPECIFIC STATISTICS**
--- collected by
Institutions/Universities/Think-
thanks/organizations/ personal,
others; reported to NSO

GUIDANCE FOR ONE DATA:

- ✓ *CLEAR DIVISION OF HANDLING BASIC, SECTORAL, AND SPECIFIC STATISTICS*
- ✓ *STANDARDIZATION OF CONCEPTS, DEFINITIONS, METHODOLOGIES, AND CLASSIFICATION*
- ✓ *DATA EXCHANGE MECHANISM*

EXAMPLES OF HANDLING DATA DIVISION:

BASIC DATA

- HEAD INFLATION
- GROSS DOMESTIC PRODUCT
- HOUSEHOLD EXPENDITURES
- GENERAL DATA OF SDG'S INDICATORS

SECTORAL DATA

- CORE INFLATION
- TOURISM SATELLITE ACCOUNT
- POOR HOUSEHOLD EXPENDITURES
- SECTORAL DATA OF SDG'S INDICATORS

SPECIFIC DATA

- PRICE OF A PARTICULAR ITEM
- VALUE ADDED OF CERTAIN ITEM
- LIST OF POOR HOUSEHOLDS
- SPECIFIC DATA OF SDG'S INDICATORS, IF ANY

SOURCES OF FUNDING FOR STATISTICAL ACTIVITIES:

If STANDARDIZATION OF CONCEPTS, DEFINITIONS, METHODOLOGIES, AND CLASSIFICATION, as well as EXCHANGE MECHANISM, are agreed:

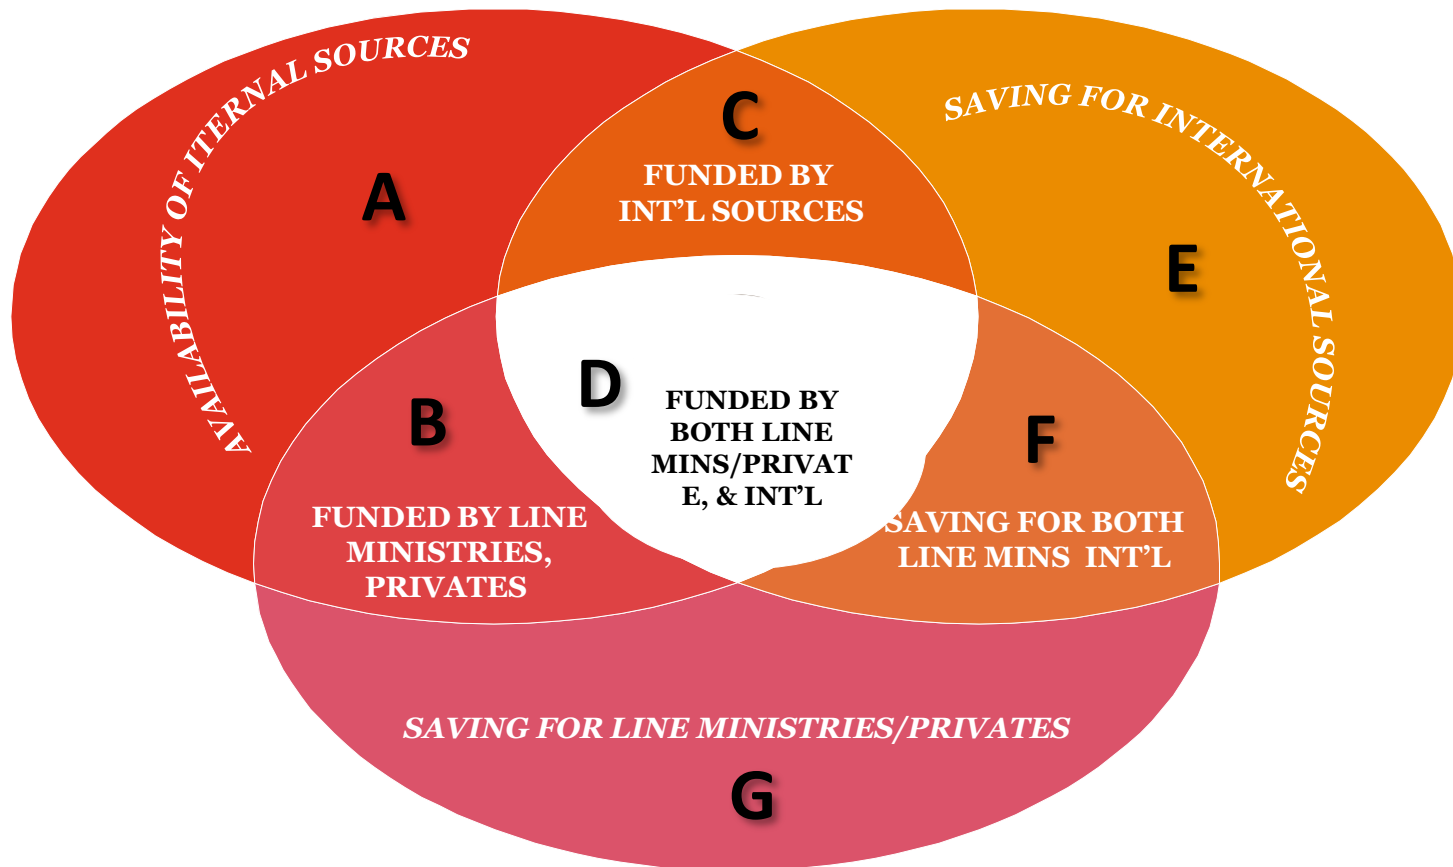

- NSO FUNDS AND COLLECTS BASIC STATISTICS, WHICH UTILIZED BY MULTIPLE DATA USERS
- LINE MINISTRIES/AGENCIES FUND SECTORAL STATISTICS, then TOGETHER WITH NSO (*AFTER FUNDING UTILIZATION/REPORT, STANDARDIZATION OF CONCEPTS, DEFINITIONS, METHODOLOGIES, AND CLASSIFICATION, as well as EXCHANGE MECHANISM, are agreed*) COLLECT SECTORAL STATISTICS
- Institutions/Universities/Think-thanks/organizations/personal, or others fund and collect specific statistics; then report output to NSO.

MOBILIZING FUNDING FOR STATISTICAL ACTIVITIES:

- *BASIC STATISTICS* .NSO CONSOLIDATES ALL DATA NEEDS from govt agencies, parliaments, and societies, then propose and ask the funding from government
- *SECTORAL STATISTICS*. LINE MINISTRIES/AGENCIES (INCLUDED INT'L AGENCIES) PROPOSE DATA NEEDED AND FUNDING, then TOGETHER WITH NSO COLLECT DATA
- *SPECIFIC STATISTICS*. Institutions/Universities/Think-thanks/organizations/ personals fund and collect specific data, POSSIBLY together with NSO.

MOBILIZING ABUNDANT RESOURCES FOR MONITORING STATISTICAL ACTIVITIES:

- SUPPOSE THE TARGETED STATISTICAL ACTIVITIES IS THE RED PARABOLIC (A+B+C+D regions)*

MOBILIZING ABUNDANT RESOURCES THAT MANAGEABLE FOR MONITORING STATISTICAL ACTIVITIES:

A = FUNDED BY NSO ITSELF

B= FUNDED BY LINE MINISTRIES

C=FUNDED BY INT'L AGENCIES/PRIVATES

D=FUNDED BY BOTH LINE & INT'L

=====TOTAL STATISTICAL COST =A+B+C+D

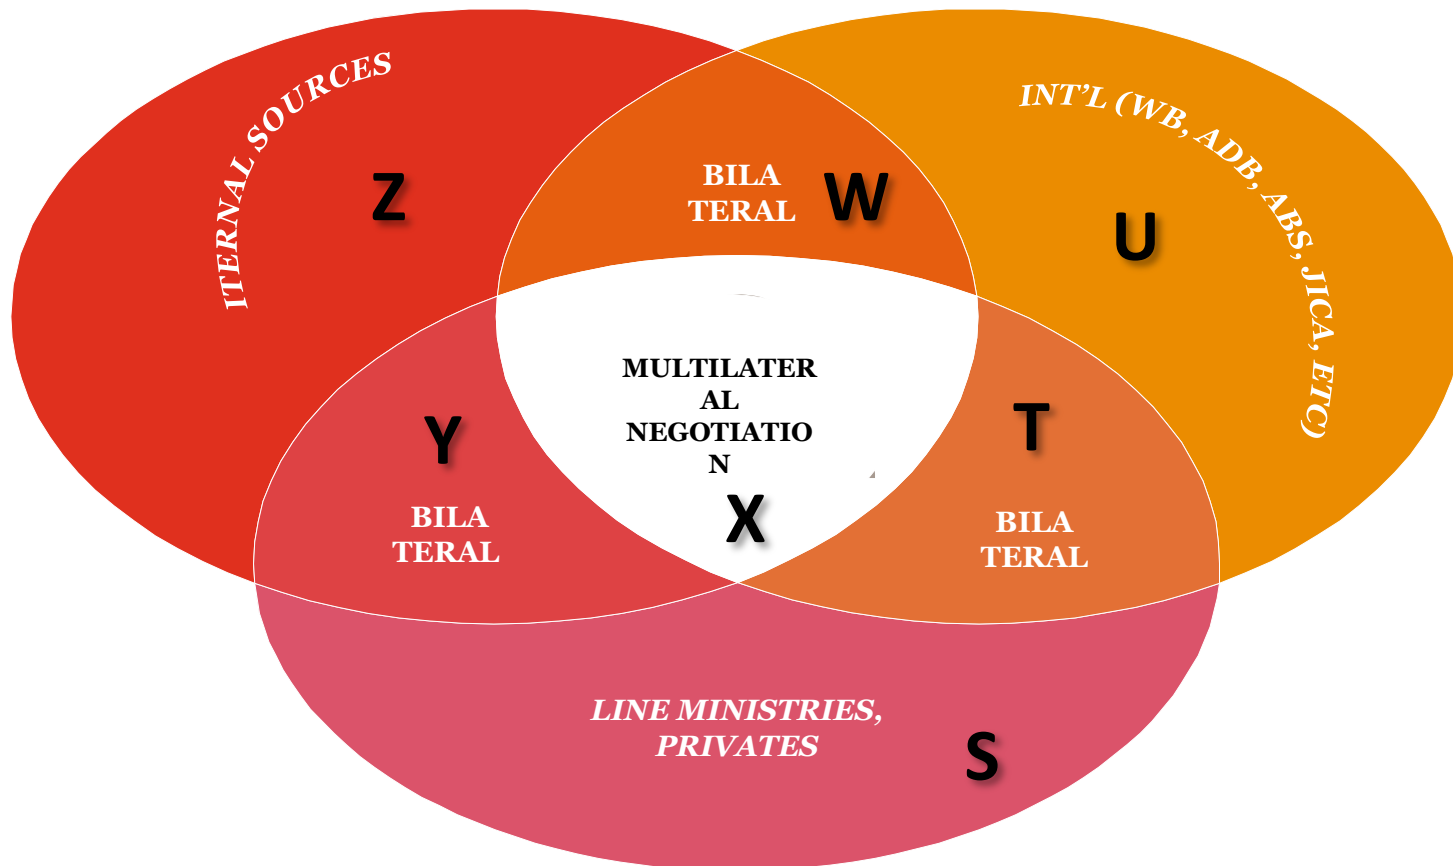

E+F= EFFICIENCY BY INT'L AGENCIES/PRIVATES

F+ G=EFFICIENCY BY LINE MINISTRIES

B+C+D =efficiency by NSO

MOBILIZING LIMITED RESOURCES FOR MONITORING STATISTICAL ACTIVITIES:

- SUPPOSE THE TARGETED STATISTICAL ACTIVITIES ARE THE SUM OF THESE 3 PARABOLICS.*

ASKING LIMITED RESOURCES THAT MANAGEABLE FOR MONITORING STATISTICAL ACTIVITIES:

W+X+Y+Z = FUNDED BY NSO ITSELF

U= FUNDED BY INT'L AGENCIES/PRIVATES

T=FUNDED BY BOTH LINE M& INT'L AGENCIES/PRIVATES

S=FUNDED BY LINE MINISTRIES

-----TOTAL STATISTICAL COST =S+T+U+W+X+Y+Z

➔ MONITORING MUST FOLLOW

MONITORING FUNDING FOR STATISTICAL ACTIVITIES:

- *THERE ARE NATIONAL BODY OF AUDITOR , GOVT AUDITOR, INTERNAL AGENCY AUDITOR, PARLIANMENT, INT'L AGENCIES, AND SOCIETIES.*
- *INITIALLY, NSO CONSULTS WITH THOSE AUDITORS DURING THE PREPARATION OF TARGETED STATISTICAL ACTIVITIES*
- *THE INTERNAL AUDITORS KEEP IN TOUCH DURING STATISTICAL IMPLEMENTATION. MAKE SURE MAJOR MISSHANDLING IN BOTH TECHNICAL AND FINANCIAL CAN BE FOUND & FIXED A.S.A.P.*
- *THE GOVT AUDITORS EXAMINE AND ADVICE SUGGESTION TO ANY FINANCIAL MISSHANDLING*
- *THE NATIONAL BODY OF AUDITORS EXAMINE, AUDIT, AND ADVICE ANY TECHNICAL AND FINANCIAL MISSHANDLING.*
- *PARLIANMENT, INT'L AGENCIES, & SOCIETIES, OR ANY PERSON CAN REPORT ANY DATA PROBLEM/MISSHANDLING DIRECTLY TO NSO OR THROUGH WHISTLE BLOWER SYSTEM . NSO MUST GIVE SOLUTION FOR ANY CASE.*

KEYS FOR SUCCESSFULL MOBILIZING & MONITORING RESOURCES:

Inform well
all donors

Understand & follow
all related national &
int'l rules

Reliable
output

**Successfull
SDG'S
indicators**

```
graph LR; A(Inform well all donors) --> C(Successfull SDG'S indicators); B(Understand & follow all related national & int'l rules) --> C; D(Reliable output) --> C;
```

The diagram illustrates the relationship between three key factors and the achievement of successful SDG indicators. Three orange ovals on the left, each containing a key, have blue arrows pointing towards a larger orange oval on the right. The keys are: 'Inform well all donors', 'Understand & follow all related national & int'l rules', and 'Reliable output'. The final oval, which is larger and contains the text 'Successfull SDG'S indicators', represents the outcome of these efforts.
