**THE COVID-19 PANDEMIC
IN RECENT MONTHS HAS
RADICALLY CHANGED
OUR LIVES.**

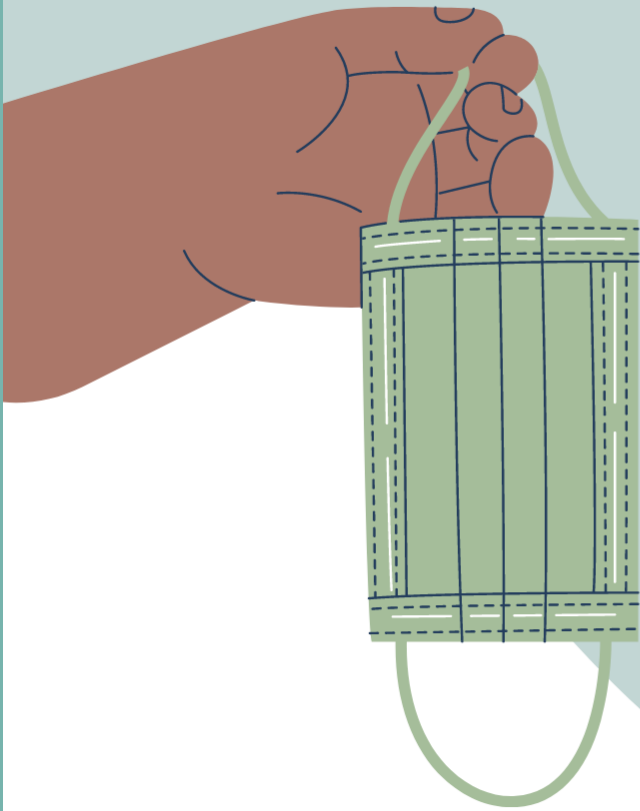

Total confirmed COVID-19 cases per million people, Aug 10, 2020

The number of confirmed cases is lower than the number of total cases. The main reason for this is limited testing.

The Action Plan includes 12 legislative enactments in 4 areas to support employment and social welfare, covering 48% of the total population.

- The President of Azerbaijan ,in general, the funds allocated for the Action Plan are about **3.5 billion** manat which equals to 2 billion usd.
- Social support measures in connection with the pandemic cover about **5 million citizens**.
- Although about **80%** of the **910,000** public sector workers did not go to work during the quarantine period, their salaries are being supported by government, private sector, **600,000** people working in pandemic-affected areas have been instructed to provide state support, and **320,000** people have already benefited from this support.
- 2 million citizens were provided with sustainability payments for social security (pensions, benefits and etc.)
- In April-May, a one-time payment program of **190** manat was implemented, covering about **600,000** people, and in July, about **290,000** low-income unemployed people in 16 districts and cities.
- The number of paid public jobs has been increased to **90,000** to increase employment opportunities, and **65,000** people have already been employed under employment contracts.
- As part of the self-employment program, small and micro entrepreneurs are being set up for at least **12,000** families which means **50,000** family members. More than **350,000** members of **85,000** families are provided with targeted state social assistance. About 100,000 low-income families that equals to **400,000** family members were provided with food assistance. Work is underway to cover about **20,000** people with unemployment insurance payments.
